

Your property for sale can become one of our 'House Porn' features for just \$199!

How does it work?

- We'll talk with you about your home for sale, and then use your photos and listing information to create a basic story and prominently display it on The Livingston Post.
- If you have a property on which you'd like an in-depth story done, one of our writers can create a custom piece for an additional charge.
- A home-page promo and photo links inside to your House Porn home's info and photos.
- The feature includes an advertisement for you, which will link to your website.
- We will promote your House Porn home on our popular Facebook and Twitter feeds.
- Home Porn features are easily shareable across social media.

Why The Livingston Post?

- The Livingston Post is the only local, independent, all-digital community information, opinion and advertising site in Livingston County.
- The Livingston Post is a cost-effective advertising option that harnesses the power of digital and social media.
- Last year, The Livingston Post had nearly a quarter million views. We are on track to surpass that this year.
- The Livingston Post enjoys a robust social media following.
